Opioid Care Honor Roll Program 2020 Webinar series

To address California's opioid epidemic and accelerate hospital progress to reduce opioid related deaths Cal Hospital Compare will publish an annual [Opioid Care Honor Roll](#) in 2020 and 2021 to support continued quality improvement and recognize hospitals for their contributions fighting the epidemic. Honor roll hospitals will be determined using a relevant threshold, which will be based on a combination of baseline data from the 2019 pilot year and current submission cycle.

The 2020 self-assessment period starts May 12, 2020 and closes September 30, 2020.
